

A Gleam Across the Waves

From the Pastor's Desk...

Dear Readers,

Graduation 2010 is now over. Another year of school has ended, and on Monday, June 21, a new school year started. Please be in prayer for our graduates and their future plans for college or home wherever the Lord is leading. Of our five graduates, three are 18 years old or older, with the determination to finish what they have started. For each one there are going to be new challenges to face, old habits to erase, and new people to embrace. This can be a great time of growth in the Lord, going off to college and finding God's gentle hand to lead them and guide them through the next step in life. We currently have three visiting graduates from last year's class, and the Lord is really moving in their lives. These young ladies have chosen to spend their summer very unselfishly

by giving back to the Lord and to the very program that has helped them. They've faced the challenges, given up the old habits and made new ones and are embracing, with open hearts and minds, whatever God has for them. These girls are our future church, and I praise God for the strength and desire He has given them to continue in the faith. Lighthouse Ministries staff members pray for these kinds of results every year. We ask you to help us pray for this change in the lives of future Lighthouse girls to have this same kind of resolve.

In His service,

Russell Cookston

Class of 2010 Testimonies

Sarah

Isaiah 43:1b says "...Fear not: for I have redeemed thee, I have called thee by thy name; thou art mine." No matter what the world may teach, we are all important to our Creator. He called me by name because He has a special plan for my life. He has work for me to do that no one else can. God saved me, and I desire to do His will for my life. We are all important to God, and He has a special purpose for each of us.

Savannah

My family knew that there were many things I needed to work on and the destructive plans I had for my life. But after about 7 months of being at Lighthouse, God got a hold of my life and completely changed my plans, and now I'm finishing school, and I'm willing to do whatever God would have me to do. I'm so happy that my mother sent me to Lighthouse, because God has really used Lighthouse to change my life.

Julaine

Before I came to Lighthouse, I was very selfish, rebellious, and angry. I was out of control, so I was sent here to Lighthouse Christian Academy. The road definitely has not been easy, but God has molded me into a different creature. But that change did not come about until I was ready to fully surrender to God. I am so thankful to my mother for sending me to a God-centered program.

Zandace

I came to Lighthouse angry at everyone and everything. What I didn't realize was that God had a plan for me. He has a reason for everything I went through. Romans 8:28a says, "All things work together for good." I just wasn't letting Him move in my life. When I learned to obey Psalm 46:10a, "Be still and know that I am God," my life changed drastically. I thank my parents for sending me here because God has changed me completely.

Brittani

Before I came to Lighthouse my life was full of corruption. It didn't matter what my parents or any grown up had to say, I still did what I wanted to do. When I came to Lighthouse, I learned about God Who cares so much for me that He knows every tear I have cried. He knows the number of hairs on my head, and He knows my name. He knew me before I was born. God has changed my life, and I now desire to please Him with my life.
